

**Product Name** Fabric 30 with Repositionable Adhesive  
**Product Code** FS260AS

**Features**

- \* 260 gsm, Matte/Satin finish, Great than 99% Opacity
- \* 100% Polyester, Water resistance
- \* Easy to print, install, reposition and remove
- \* Compatible with Eco-solvent, Latex, and UV ink sets
- \* Outstanding ink absorption, clear and bright image quality

**Overview**

The fabric with self-adhesive is 260 gsm, higher opacity, 100% polyester base with a repositionable adhesive that removes cleanly and easily with no residue. It is designed for a wide range of flat surfaces and will not rip, wrinkle or stretch in production that makes it easy to contour cut into any shapes. It is great for wall murals, decals, signs, window graphics and much more applications.

This fabric is fully compatible with Eco-solvent, Latex, and UV ink sets, and provides brilliant imaging quality with an outstanding Dmax and wide color gamut, that reproduces accurate imaging with richer color and tremendous details.
